REVIEWS

"What I love the most about the book, is the main character's solidarity, love and eagerness to understand other women's situation." – (Kristeligt Dagblad)

"It is a moving and engaging book. StineStregen gets into all angles of being voluntarily childless. There is a caring approach to both those with and without children, but at the same time a sense of sharp societal satire." – (Lektørdtalelse (Library review))
