SYNOPSIS

Milla and Milla are going on a school camp. They cannot wait - especially since their favourite substitute teacher, who also loves a bit of fun and games like themselves, is coming along. Unfortunately, it is impossible to make their Biology teacher, Britta, laugh - even if the two friends do EVERYTHING they can to make it happen. When Milla and Milla one day spot some odd animals with giraffe-like necks and teddybear heads in the wood, everyone believe that it is yet another prank. At least until an angry farmer turns up and blames the class for having opened the fence to let out his animals. The class have to help him catch his animals again - and Milla and Milla of course have a plan.
