SYNOPSIS

The *Valhalla* series' depiction of the Nordic mythology has been the first encounter with the myths for many people in the Nordics. To a large extent, this is due to the fact that the comic was made into an animated movie which became a huge success. In this 2nd compilation, you will find a lot of unpublished pre-studies for the movie and the comic series, as well as a comic about the making of cartoon movies.

Valhalla: Den samlede Saga, 1-5 include all the stories from the 15 albums in the series, plus a lot of extra material.

The 2nd compilation includes the following three albums:

4. *The Story of Quark*
5. *The Journey to Utgard-Loki*
6. *The Golden Apples*
