## SYNOPSIS

How wrong can it really go when your name is Ziggie, you have an endless crush on the world's most beautiful Petra, an inventive but rather consequence-averse friend named Ronny Romkugle (and a cat named Kitty Poo - but that's another story) and a hardcore math teacher named Kisser?

It turns out that things can go pretty wrong, especially when your least favourite subject is math, and you discover that Math-Kisser has called a meeting with your parents on Monday, and you can't figure out what you've done wrong...
