Fantastic Philosophers

Fantastiske filosoffer

A wonderful and humorous book of philosophy for children about seven of the big thinkers and their childhood. With lovely illustrations by Charlotte Pardi.

Birgitte Klahn was born in 1992. She has a degree in philosophy and history and believes that it's never too early to start your journey into the world of philosophy and practice understanding yourself and the increasingly complex world around you.

Charlotte Pardi (b. 1971) has won the Danish Cultural Ministry's Illustrator Prize on several occasions and is loved for her gentle appealing artwork.

SYNOPSIS

In this book, you'll meet seven of our great European philosophers... as children: Søren Kierkegaard, Immanuel Kant, Friedrich Nietzsche, Jean-Paul Sartre, René Descartes, Simone de Beauvoir and Niccolò Machiavelli.

And in seven 'fictional' stories, built around each philosopher's childhood and youth, we see how their pondering, philosophising - and respective lead idea - emerge.

There's plenty of food for thought - and many fun conversations between children and adults. And an inspiring theme for a teaching programme for children in grades 0-4.

REVIEWS

"Charlotte Pardi's drawings really make the comedy in the situations and the philosophers' inner anguish crystal clear (...) The fact that the philosophers are children and not aging adults gives the whole book and its content an enviable lightness. (...) 'Fantastic Philosophers' is probably more of a prelude to a dialogue about some of life's difficult questions than an actual introduction to the philosophers' lives and overall meaning. That doesn't matter, because it makes the book inspiring. But you should probably allow extra time if you're using the book for bedtime reading!" – (Kristeligt Dagblad (Danish daily newspaper))

"A delightful and humorous philosophy book for children about seven great thinkers and their childhood. (...) proof that non-fiction can be communicated to

It's Perfectly Normal - a book about becoming an adult!

Det er helt normalt - en bog om at blive voksen

The authors - Denmark's funniest picture book author and Denmark's coolest medical doctor - have a mission: they want to challenge that it has to be a taboo when the body changes. Their new book is about all the things that happen to the body during puberty. The message is clear: It is Perfectly Normal!

Søren Brostrøm is a Danish physician-scientist and the current Director general of the Danish Health Authority and a member of the Executive Board of the WHO.

Thomas Brunstrøm is a bestselling author, freelance journalist, film critic and podcast host.

SYNOPSIS

The body can be cool, strong and fascinating, but there are also a lot of things about the body that can seem strange, embarrassing and annoying - but hey - everyone feels that way. It's perfectly normal!

Søren Brostrøm tells it like it is - straightforwardly and without getting red cheeks, because he's used to talking about it, and he knows that the more we talk about the embarrassing things - the more normal it will feel.

When you feel alone and weird, it's really nice to know that there are a lot of other people who are going through exactly the same thing as you. So let's talk about all the sudden changes, about things growing, about hair and sweat. Let's rejoice in the big and small body parts and celebrate the fact that we are all so different and yet completely the same.

The book is full of fun illustrations by Bjørn Nørbo Andersen.

Vibe Termansen

Behind the Iron Curtain

Bag jerntæppet

A new book tells the story of the Cold War to children from 10+. Packed with cool illustrations by Mikkel Henssel.

Vibe Termansen (b. 1977) has an MA in History and Eastern European Studies and works as a freelance journalist, public speaker and moderator.

SYNOPSIS

In this richly illustrated book by Eastern Europe historian and journalist, Vibe Termansen, we find the answers to a lot of question about the Cold War. Who was Lenin and Stalin and how did they get millions of their own citizens to oblige? What was the infamous Iron Curtain which divided Eastern Europe from Western Europe until not so long ago?

REVIEWS

"The historian, Vibe Termansen, has written an enlightening and exciting book in which she tells the story behind the Cold War in an accessible language. The book's graphic expression is fantastic. Mikkel Henssel's illustrations transport the reader back in time, both in terms of form and colour. It is a big assignment to write historically about such a complex subject and it demands naturally that you prioritize and exclude certain subjects . Vibe Termansen succeeds in this regard. However, it does make me wonder why for example Reagan's role in the culmination phase of the Cold War is one of these exclusions." – (Lektørdtalelse (Library review)

SYNOPSIS

Wilma and dad are going to bake pancakes and they go to the grocery store. What do they need? Where do they find them? And where do the raw ingredients actually come from?

REVIEWS

"A lovely book that I believe many children and parents will enjoy. The book shares elements with a seek-and-find book which can help extend the experience and keep the interest captured. But the primary trait and the best thing about the book is the good story about the raw ingredients and how they can be used. The artwork is realistic, but are slightly crooked and imperfect in a good way..." – (Lektørdtalelse (Library review))

Zarah Juul

Tadaaah

In this beautiful picture dictionary, children aged 4 to 8 can travel through thirteen worlds with the character Tadaaah. Visit the Wizard's workshop or Nose Land, ride the roller coaster in Unicorn Land and take a dip with the dogs at the Dog Hotel. Tadaaah is hiding in every post. Can you find him? He jumps from world to world through the 'holes' in the dictionary pages.

Zarah Juul is a popular Danish illustrator, known and loved for her original artwork and colourful style.

SYNOPSIS

The book invites you to spend many hours of cosy and educational experiences. The detailed world-spreads invite the child on an imaginative journey. After each world is a picture dictionary page with vignettes and words. At the back of the book there are fun puzzles to solve.

Thirteen Danish and German illustrators, led by Tove Krebs Lange, are behind the book. They have drawn inspiration from 2nd and 3rd grades in the border region. The book is available in two editions: a Danish-German picture dictionary with both Danish and German words for each vignette - and this Danish picture dictionary with Danish words.

REVIEWS

"Really exciting book with a wide-reaching topic. Cool idea with the interactive element: the book is based on children's own questions. The layout of the book is gorgeous and accessible and when you read about the moon or volcanoes - then the text copies the shape (e.g. a half moon)." – (Lektørdtalelse (Library review))

Book of Thoughts: I think, therefore I feel

Tankebogen: Jeg tænker, derfor føler jeg

Thoughts and emotions are inextricably linked. What we think creates our emotions and affects our mood.

Ina Victoria Haller offers a series of books that turn reading with children into a fun and educational activity.

Thomas Hjorthaab is a well-known Danish children's book illustrator whose art style is known to be funny, punk and bursting with emotion.

SYNOPSIS

Pleasant thoughts cause pleasant feelings and unpleasant thoughts cause unpleasant or difficult feelings. In other words, it's not always the situation you're in that triggers your emotions, but what you think about the situation.

Through this non-fiction book for children, you will experience a number of more or less neutral situations together with the two main characters that trigger completely different emotions in the two children. The hope is that by reading the book and talking about the story with an adult, children will understand the connection between thoughts and feelings. Such understanding is an important part of understanding their own and others' feelings and actions.

REVIEWS

"Well-written and easily comprehensible story which can form the foundation for a good conversation about the interplay between thoughts and emotions. The questions and tasks are simple and are a good help in deciding what you - as an adult - should focus on along the way." – (Lektørdtalelse (Library review)
