Mette Vedsø

Happy Happy

This *White Raven* 2022 book is a modern comedy of errors for 12 to 15-year-olds, about class differences, grasping the moment, daring to dream and standing up for yourself.

Mette Vedsø (b. 1968) studied chemistry and biotechnology, then trained at the Writer's School for Children's Literature. Since 2010, she has written several critically acclaimed children's books, including picture books and tween novels. Her work is suffused with an implicit understanding for children, especially the slightly displaced ones with big hearts – her observations and writing are moving, subtle and poetic.

SYNOPSIS

Happy Happy is a novel about 13-year-old, Ubbe, who is accidentally given a super expensive golf set and in a mix-up starts frequenting the golf club in the liebhaver part of town. Ubbe is dead set to keep this a secret to his dad. Because Ubbe and his dad live in the ugliest house on the West Road with 44 bus lines in the front garden and his dad thinks golf is only for "rich pigs".

Mette Vedsø writes with warm humour about class differences, about daring to be true to yourself and putting your foot down – even if it hurts the people you love the most.

Cecilie Eken

Night Bloom

Natblomst

This *White Raven* 2022 novel is about longing and loss - and about the mysterious realm of nature, which can reveal itself even in the middle of a completely normal town.

Cecilie Eken is an award-winning author who writes with beauty and imagination in a language that encompasses both the every day and the poetical. Her works tackle the big themes of life: parents and children, friendship, love, and finding our place in the world and a sense of connectedness. She has been nominated for the prestigious Astrid Lindgren Memorial Award in 2023, 2024 and 2025.

SYNOPSIS

Mia has moved to a new town with her mother, her little brother and her stepdad. She has a new house and a new school and she hates it all and just wants to go back to her old life, where her dad and the dog, Matti, were a part of her daily life.

One day she runs off after an argument and hides in the deserted garden of one of the houses on her street. It turns out that it isn't all that deserted. But not only the magical tree in the garden holds a secret. Mia also has something she would like to hide...

Night Bloom is a story about loneliness, loss and friendship and not least about our relationship to the nature we are a part of. It is a stand-alone sequel to the bestselling novel, *Silver Bloom*, and can be read from 10 years up.

Nominated for Weekendavisen's Literature Award 2022:

"*Night Bloom* is a fantastical tale which combines tradition and renewal; reality and magic. Cecilie Eken draws on the literary inheritance from Hans Christian Andersen and at the same time addresses the current agenda of biodiversity and nurture of nature. The novel keeps its reader gripped in an effective plot which continues to surprise, while the linguistic register reaches from beautiful poetry to authentic dialogue in the mouth of a teenage girl under pressure. Eken steers clear of clichés by using subtle humour which never talks down to the reader. *Night Bloom* is a work of literature that offers up both challenges as well as solidarity."

"It is a beautiful and visionary children's book" – (Five hearts in Politiken)

"Awe-inspiring...a well-written, exciting novel for children and young people, which can easily be read as a stand-alone novel without having read Silver Bloom first, even if it would be a pity to skip the first installment" – (Six stars in Kristeligt Dagblad)

Søren Jessen

The Fish Girl

Fiskepigen

An **IBBY Honour** nominee - an absolutely stunning graphic novel on the highly current subject of flooding and climate change - aimed at reading aloud for 10+ or reading alone for 12+.

Søren Jessen is an award-winning Danish author/illustrator of children's books and graphic novels.

SYNOPSIS

In a house on a hilltop, the autistic boy, Frede, and his older sister are home alone. A violent storm has hit their area and all land around them has been washed away by flooding, leaving their hilltop house on a small island in the sea. They are without electricity and light, waiting for their parents to find them.

Fred's sister does everything in her power to create an illusion that everything is normal – to protect her fragile younger brother. She plays with dinosaurs, makes a cozy camp underneath the dining table, bakes pancakes on the gas fire and tells a fairy tale of a girl who lives in the sea.

At the same time, she is worried and scared. Where are their parents? Will the water rise further? And how does she make the old generator in the outhouse work, so that she can create light and signal to the helicopter above that they are alive and waiting?

The book provides a beautiful and moving point of departure for a dialogue on climate change and on the importance of caring for each other when the going gets tough. There is a strong sense of hope and community in the story and the stunning illustrations provide a complete extra layer of meaning for this pearl of a story.

When the Heart is a Hand Mixer

Når hjertet er en elpisker

Winner of the *Danish Ministry of Culture's Children's Book Author Prize 2018* has written yet another powerful tween novel, which has been included in *The White Ravens 2020*.

Mette Vedsø (b. 1968) studied chemistry and biotechnology, then trained at the Writer's School for Children's Literature. Since 2010, she has written several critically acclaimed children's books, including picture books and tween novels. Her work is suffused with an implicit understanding for children, especially the slightly displaced ones with big hearts – her observations and writing are moving, subtle and poetic.

SYNOPSIS

Mette Vedsø has written yet another moving and thought-provoking tale, giving voice to a child in distress. She has previously written about friendship, coming-of-age and horses in her award-winning novel, *Hest Horse Pferd Cheval Love* and *Liv, Life, Leben, Vie, Love*, and about a boy from a socially deprived home who gets a chance at a new beginning in *Far from the White House*. Now she is back with a glimpse into the life of a high-achieving teenage girl struggling with anxiety.

When the Heart is a Hand Mixer is included in **The White Ravens 2020**. Here is what they write:

During English class, Pi suddenly collapses. Everything goes black; dizziness; boom. At the hospital, she is diagnosed with anxiety disorder. Her parents, well-off workaholics for whom high performance and success are everything, only want the best for their daughter. They arrange therapy after therapy, so that she can cope with »the crisis« as quickly as possible, go back to school, and function well. Yet that doesn't work. Pi takes the time she needs and makes friends with three extraordinary people in her apartment block: Gillian Brown, an elderly lady, plus Bianca and her daughter, Vicky, all three of them street-wise, warm-hearted, and imperfect. Pi gets to know different ways of living and realizes that she is perfectly okay the way she is; and at some point, so do her parents. Pi, who tells her own story, is curious, clever, and a good observer. She is definitely no sociophobe, but rather open-minded and helpful. The four inhabitants of the house quickly become very close, and Pi benefits more from this closeness than from any school lesson.

Gertrude Kiel

The Time Chase

Tidsjagten

A philosophical adventure about the mysteries of time and its many shapes and meanings.

Gertrude Kiel is a Danish author of international caliber, who writes engagingly about big universal topics.

SYNOPSIS

This is a detective story. A murder mystery. But it's a rather different one. The killer is already known, you see. The problem is to find the killer and measure out a proper punishment. For the killer is time itself, and this is the story about a boy named Otto, his bird Virgil and their best friend Ana, and the strange journey they embark on together to find and kill time.

The Time Chase is set in an anachronistic world full of gothic melancholy, seafarers, mermaids, clockmakers and pirates – and death, of course, loves to play chess.

By taking our sayings about time literally and exploring them, the protagonists of the story learn that measuring time is only a means to understanding it, but doesn't really affect time itself. They also learn, that without time, there would be no meaning in our world at all.

Besides being a story of time, it is also a story about life and death, loss and coping with it; a story about friendship and especially a story about choosing your own path and trusting your gut feeling, even when it leads you to act against the current of normal convention.

REVIEWS

"It takes a writer of calibre to keep track of the incredibly influential nature of proverbs about time in our part of the world, as well as science-based information about e.g. the speed of light and the qualities of the chronometer. Gertrude Kiel has it all completely under control. And without revealing too much, the ending of the novel will unlikely disappoint the reader." – (4 hearts in *Politiken*)
