All I Remember is a psychological drama where the truth continuously shows itself from different angles.

Freja has lost her best friend, Malou, who jumped out in front a train. While the police investigate the death, Freja returns to her everyday life where everyone is puzzled about why Malou took her own life. As the only witness, Freja gets a lot of questions that force her to think about the night when Malou died. And about their friendship in the time leading up to her death.

The more she remembers, the more she doubts how well she actually knew her friend. And as the police dig deeper and deeper, there are several inconsistencies.

What actually happened with Malou on the tracks?

Leonora van Deurs

Botai - Shadowtraces

Botai - Skyggespor

Impressive well-researched historical debut novel, written while the author was still a teenager.

Leonora van Deurs is a student of Mathematics at the University of Münster (Germany). She started work on her debut novel at the age of 15 and finished it when she was 18 years old.

SYNOPSIS

5500 years ago something happened that changed the history of mankind forever. The Botai people tamed the horse.

In *BOTAI: Shadowtraces*, we follow three young people on their individual quests. Quests that will change their destinies forever.

Set on the Eurasian steppe, the Botai people live a life in a pact between nature and horses. But a dark shadow is looming. A curse, also called a minwri, is spreading decease and death.

Nakou is a nomad and part of the Yamnaya people. She has lost her family to the curse and is therefore forced to flee to the Altai Mountains where she is to be married against her will.

Jalqi sets out on a dangerous journey to find the shiny stones that can make the curse go away and rescue his people.

Lyez is making his way alone over the never-ending steppe to find his father, but a fateful meeting awaits him.

This is a compelling novel about a people that is not widely known. Leonora van Deurs' writing is based on concrete historical facts, and her vast scientific background knowledge, on genetics and language among other things, is outstanding.

REVIEWS

"A masterpiece!" – (Tidsskriftet Børn & Bøger (the Magazine Children & Books))

"Well-written and well-crafted historical narrative that captivates from the first page to the last. The story of the Botai people comes to life in such a well-told way that you can almost smell the smoke from the fire and hear the sound of the horses' hoofbeats. An impressive work by the young debut author Leonora van Deurs." – (Dansk Bibliotekscenter (Danish Library Centre))

One day, Chloe discovers a fly. A fly is life! But neither Chloe's father, nor Millie, are interested in hearing about it. Only when Chloe meets Theo, does she realise that she is not alone with her thoughts.

Lars Daneskov

Fatal Outcome

Med døden til følge

A psychological thriller for 12+ about mourning and longing and about the obligation to continue living, even when someone close to you dies.

Lars Daneskov (b. 1963) is a journalist and author and has written about 30 books in a variety of genres, for both children and adults.

SYNOPSIS

The dead boy's room is on the second floor at the end of the hallway. When Liva has friends over, that is always what they want to see.

This was where her older brother, Victor, lived and behind the closed door, the room looks exactly like it did on the day when he died three years ago. The family is stuck in that moment in time, savouring every detail of their memory of him.

Until Liva discovers the imprint of a body on his otherwise meticulously made bed and makes the nerve-wrecking discovery that he has disappeared from his class photo from back then.

Victor is no longer among them. But perhaps that is in fact precisely what he is.

Fatal Outcome is a book about the living not being able to let go of their dead, and the dead not being able to let go of their living. It is an important book about a topic that would have been unbearably tough if it was done 1:1, but which - wrapped in the suspenseful outer frame of the ghost story - becomes a welcome opportunity to talk about mourning and how we deal with it.

Check out Danish publisher, Gutkind's, extra material for the book [here](#).

REVIEWS

"Inside this horror story for children is a beautiful tale about longing and the mourning process... Deadly Outcome is a scary and reflected story about what happens to the relatives when a child dies ... The genre suits him ... the language is concrete and beautiful" – (Five stars in Jyllandsposten.)

"A gripping and compelling psychological thriller about loss and sorrow. And then it is a ghost story which will make you think after you finish reading." – (Library Review (Lektørdtalelse – Dansk Biblioteks Center))

REVIEWS

"Even though we are in the world of monsters and misfortune, there is a strong focus on friendship and charity. John Kenn Mortensen's sublime artwork give us an idea of what we're up against and show us that monsters come in many guises. He trusts children and their ability to embrace such a scary story, and perhaps his twisted worlds are not so far removed from the world we live in?" – (Litteratursiden)

Gry Kappel Jensen

Roses & Violets: the Rosenholm trilogy (1)

Roser og violer: Rosenholm trilogien (1)

Roses & Violets is the first book in the bestselling YA trilogy, which is now also going to reach an English- and German speaking audience in 2023.

Gry Kappel Jensen is the author of the bestselling YA fantasy series, *Rosenholm*, published in Germany, Italy, Poland and US.

SYNOPSIS

Four girls from very different backgrounds are making their way to the mysterious Rosenholm Boarding School from different corners of the country. The one thing they have in common is the strange offer they have received to apply for a place at what will turn out to be a school for magic, deeply embedded in Nordic mythology, nature magic and shamanism. The girls have been invited to apply for a reason that is as yet unknown to themselves, but already during the unorthodox application tests, it becomes apparent that a spirit is trying to establish contact with the girls. It turns out that a young girl was murdered under mysterious circumstances in the 1980s and the killer was never found. Her spirit is still haunting the place, and she is now urging the four girls to bring justice and find the killer. But someone is keeping an eye on them and it quickly becomes clear that their lives are in danger.

Aimed at 14+, *Roses & Violets* is on one level a classic coming-of-age tale, about identity, friendship and (forbidden) love. On another level, it is an original fantasy novel, full of magic, romance and mystery, bound to thrill teenagers and YAs alike, also internationally.

Translation of full review from Weekendavisen:

"Steal like an Artist" is the name of a popular handbook for creative souls. All stories ever told were inspired by other stories, the author Austin Cleon claims. Nothing is completely original. But what do you do if you want to write something that hasn't been read before?

The art is to be inspired by a lot of different things, Cleon thinks. And to mix the ingredients until the dish tastes like something else.

Take for example *Roses & Violets*, the first volume in a Danish series about a group of young people who attend a mysterious boarding school for magic. Every book in the series covers an entire school year and the story is part crime and part everyday drama in the school hallways. Does it sound familiar? A bit

Harry Potter-like, maybe? I think so, at least.

But the author Gry Kappel Jensen is not only inspired by JK Rowling's books. The magic, they study at the castle-like boarding school, draws on Nordic mythology, Viking rituals and much more. And the main characters of the novel are girls who are just as preoccupied by the Twilight-attractive boys at the school as they are by magical mysteries. Kappel Jensen has stolen like and artist and *Roses & Violets* tastes of something new.

The main characters are the four girls Kirstine, Victoria, Kamille and Malou who are room-mates at Rosenholm – the name of the boarding school – but they couldn't be more different. Kirstine is dyslexic and has extremely religious parents. Victoria is beautiful, sad and rich. Kamille grew up in the woods with her hippie mum. And Malou is a sarcastic high achiever with a dark past.

The four have each their magic speciality which cleverly emphasise issues that girls might struggle with in their everyday lives. Victoria is for example able to see spirits, which makes her highly strung and ruins her sleep. And Malou is a blood magician: she releases her powers by cutting herself. Together the four girls need to solve a murder mystery. More you do not need to know.

On the other hand, I am happy to reveal that *Roses & Violets* is a page-turner. With four sympathetic main characters at the wheel, the tale races towards its sufficiently unpredictable culmination. Which of course leaves an open end to be dealt with in the sequel.

Roses & Violets is not original, but it is captivating, well-written and constantly entertaining."

REVIEWS

Silent Worlds (1) The Invisible War

Tavse verdener (1) Den usynlige krig

Silent Worlds is an ambitious techno-thriller about fictional realities - and about technology that can change people. There are a total of four books in the series and *The Invisible War* is the first installment. The second and third book have won the prestigious Danish award, *Best Fantasy Novel of the Year*, two years in a row, in 2023 and 2024. Boris is the only author to have achieved that.

Boris Hansen (b. 1981) is award-winning Danish writer of fantasy and sci-fi and script writer on the much-anticipated new game, *Out of Words* (Epic Games, 2026 release).

SYNOPSIS

Inception meets *Blade Runner* in Boris Hansen's sci-fi fantasy thriller, set in a near future where you can travel into books as if they were physical realities - and change them from the inside.

For Olivia Alby, being a fiction agent is not exactly a dream job. She and her teammates are tasked to travel into books and protect their protagonists and plots from intruding agents. It's a dangerous job and on top of that, she's stuck on a dysfunctional team with a bunch of untrained individuals, who have little in common. The only consolation is that the pay is good, and Olivia needs the money, if she's ever going to realise her dream of escaping her past.

But when a mission goes wrong, Olivia and her teammates are drawn into a global conspiracy. The world's biggest governments and corporations have realized that when books can change people, there is incredible power potential in being able to change books. Unidentified enemies have big plans to abuse fictional technology, and to unravel who they are up against, Olivia and her team are forced to learn to collaborate. Throughout the four tomes that make up the *Silent World* series, we follow Olivia and her team travelling in and out of the fictional worlds of books in search of answers...

With humour, suspense and great empathy, Boris Hansen tells a story about corrupt governments, fantastic books and unique friendships.

Mette Vedsø

When the Heart is a Hand Mixer

Når hjertet er en elpisker

Winner of the *Danish Ministry of Culture's Children's Book Author Prize 2018* has written yet another powerful tween novel, which has been included in *The White Ravens 2020*.

Mette Vedsø (b. 1968) studied chemistry and biotechnology, then trained at the Writer's School for Children's Literature. Since 2010, she has written several critically acclaimed children's books, including picture books and tween novels. Her work is suffused with an implicit understanding for children, especially the slightly displaced ones with big hearts – her observations and writing are moving, subtle and poetic.

SYNOPSIS

Mette Vedsø has written yet another moving and thought-provoking tale, giving voice to a child in distress. She has previously written about friendship, coming-of-age and horses in her award-winning novel, *Hest Horse Pferd Cheval Love* and *Liv, Life, Leben, Vie, Love*, and about a boy from a socially deprived home who gets a chance at a new beginning in *Far from the White House*. Now she is back with a glimpse into the life of a high-achieving teenage girl struggling with anxiety.

When the Heart is a Hand Mixer is included in **The White Ravens 2020**. Here is what they write:

During English class, Pi suddenly collapses. Everything goes black; dizziness; boom. At the hospital, she is diagnosed with anxiety disorder. Her parents, well-off workaholics for whom high performance and success are everything, only want the best for their daughter. They arrange therapy after therapy, so that she can cope with »the crisis« as quickly as possible, go back to school, and function well. Yet that doesn't work. Pi takes the time she needs and makes friends with three extraordinary people in her apartment block: Gillian Brown, an elderly lady, plus Bianca and her daughter, Vicky, all three of them street-wise, warm-hearted, and imperfect. Pi gets to know different ways of living and realizes that she is perfectly okay the way she is; and at some point, so do her parents. Pi, who tells her own story, is curious, clever, and a good observer. She is definitely no sociophobe, but rather open-minded and helpful. The four inhabitants of the house quickly become very close, and Pi benefits more from this closeness than from any school lesson.
